2 MR. BREW: Could we clarify first Mr. Tim
3 Sennett's presence? Is he representing you at
4 this point?

5

6 MR. BREW: I mean have you asked that he
7 be here?

8 MR. HESSINGER: Originally he was going to
9 represent me, but basically he represents the
10 township. So then I talked with Ed Betza; I
11 thought it would be better to have a personal
12 attorney, and so then I told Ed to talk to Tim
13 and decide what they wanted to do about that,
14 so I guess it's a little complicated.

15

16 your consent or wishes, then, that's fine.

17

18 with him being here, but I would say --

19

personally then?

21

22 Summit Township.

23

MR. BREW: Okay, fine.

24

1 RICHARD HESSINGER, first being
2 duly sworn, testified as follows:

3 EXAMINATION BY MR. BREW:

4 Q. Can you give us your full name first, Richard?

5 A. Richard Paul Hessinger.

6 Q. What's your present address, business or
7 personal?

8 A. My home address is 2330 Dorn Road, D-o-r-n,
9 Waterford, PA 16441.

10 Q. And what's your present business or occupation?

11 A. I'm a teacher for Millcreek School District.

12 Q. Were you at one time a Summit Township
13 supervisor?

14 A. Yes.

15 Q. Elected supervisor?

16 A. For eighteen years. I just left office December
17 31, 1999.

18 Q. So you were a supervisor for eighteen
19 consecutive years?

20 A. No, it was twelve consecutive years. There was
21 two years in between my first term and second term.

22 Q. Do you know the dates or the years that you
23 served?

24 A. 1980 to 1985 and 1988 to 1999.

25 Q. Okay, from '88 to '99 did you have any

1 particular assignment at Summit such as roads, water, sewer,
2 things like that?

3 A. From 1988 and 1989 I was roadmaster. 1990 to
4 the end of 1995 I was secretary-treasurer, and then from
5 1996 to 1999 I was roadmaster in charge of the traffic
6 signals.

7 Q. That was going to be my next question. What do
8 the duties of the roadmaster consist of?

9 A. The roadmaster oversaw the operation of the
10 employees that worked for the township and also worked on
11 the roads themselves. They handled all the duties of
12 supervising the employees, determining the work tasks, and
13 pretty much doing the work themselves if they had to.

14 MR. BREW: Okay, so let's mark this.

15 - - -

16 (DEPOSITION EXHIBITS 1 and 2 marked for identification.)

17 - - -

18 Q. Now, Mr. Hessinger, let me hand you what's
19 marked Deposition Exhibit 1 which is a notice of the
20 scheduling of these depositions; I believe we sent you a
21 copy of that. Have you seen that before today?

22 A. Yes.

23 Q. And then I'll hand you Deposition Exhibit 2
24 which is a subpoena requesting your presence here today, and
25 I believe we sent you a copy of that?

1 A. Yes. I don't -- I don't totally recall this
2 attachment, but I'm not saying it wasn't there. I probably
3 might not have paid attention to it.

4 Q. Okay, fine. The original subpoena requested you
5 to be here at eleven o'clock this morning, I believe, and we
6 changed that several times at your request, I believe?

7 A. Yes.

8 Q. To three o'clock today?

9 A. Yes.

10 - - -

11 (DEPOSITION EXHIBITS 3 and 4 marked for identification.)

12 - - -

13 Q. Mr. Hessinger, in this case we're specifically
14 interested in the intersection of Downs Drive and upper
15 Peach Street, the Zemenco property, Nick Scott's property,
16 some of the Developers Diversified property on the east side
17 of Peach Street. Are you generally familiar from your work
18 as a supervisor of that area the properties, the roadways,
19 when I mention Downs Drive, Mandy Lane? Do you have a
20 general familiarity?

21 A. Yes, I do.

22 Q. Okay. Can you kind of run us through this and
23 go back as far as your knowledge is concerned with regard to
24 the, first of all the purchase of Andy's property by
25 Developers Diversified? Did you gain knowledge of that

1 proposed purchase in 1999 at some time?

2 A. Just verbal discussions with -- I think we were
3 meeting with Gary Hough for Developers Diversified at the
4 time. Hoag or Howe, I'm not sure.

5 MR. GEARY: He pronounces it "How".

6 Q. Am I correct that over the years you have had
7 meetings with Developers over their various developments in
8 the township in the Peach Street area?

9 A. Yes.

10 Q. But as 1999 went on, did there become an issue
11 with regard to the intersection of Downs and Peach Street?

12 A. Yes.

13 Q. The signaling of it, the intersection itself?

14 A. I think the discussion started in 1998.

15 Q. Okay. Can you just sort of generally fill us in
16 and tell us what that situation was, how it was brought to
17 your attention, what the township's involvement was at the
18 time?

19 A. Yes, Developers Diversified was developing the
20 property between Zemenco, Inc.'s property and a roadway
21 called Douglas Drive, and Douglas Drive is the only access
22 at that current time to the property. And we were asking
23 for additional traffic improvements and access improvements
24 to that property. That's where they were building Home
25 Depot, Circuit City and Petsmart, and through the

1 discussions they were going to, in fact, they've already
2 dedicated a road called Fern Court --

3 Q. Can you spell that?

4 A. F-e-r-n. Which would be just north of Downs
5 Drive. And then the problem with that was the proximity to
6 Douglas Parkway; it was too close to have a traffic signal
7 there. So they said that they were going to pursue putting
8 in a roadway at Downs Drive and connecting it to their plaza
9 and signalizing that intersection.

10 Q. And you think this was in '98 that this
11 discussion took place?

12 A. Yes, because we entered into -- in '98 we
13 entered into an agreement with Developers Diversified that
14 they would make the highway improvements and they would
15 utilize Downs Drive instead of Fern Court.

16 Q. Okay. Let me show you these next; this may be
17 what you're talking about. This is marked Exhibit 3. Is
18 that an agreement between -- number one, is that an
19 agreement between Developers and the township?

20 A. Yes.

21 Q. And that's dated January 11, 1999?

22 A. There is a previous agreement that dealt with no
23 occupancy to the stores until they made traffic improvements
24 on Peach Street, and this agreement followed the previous
25 agreement. This agreement is where they come back and we

1 compromised on their improvements to incorporate the use of
2 Downs Drive instead of Fern Court.

3 Q. There was a second agreement, Richard, which is
4 Exhibit 4 which followed this agreement. You probably ought
5 to look at those two, because I've had a chance to look at
6 those today and you haven't, frankly.

7 A. Yes, there was still an agreement that we
8 approved in '98 that dealt with the occupancy permits for
9 the plaza, and then this agreement followed from that
10 agreement.

11 Q. Okay, you're saying the January agreement was
12 actually then a second agreement?

13 A. Right, because the first agreement actually
14 started when Home Depot opened up, and they opened up in
15 1996.

16 Q. Okay, we don't have that agreement in front of
17 us, but can you tell us generally what it set out to do, the
18 first agreement, the one we don't have?

19 A. The first agreement set out to outline the
20 transportation improvements they would make for their plaza
21 and we would allow them to build the -- start beginning to
22 build the plaza and that no occupancy would be granted until
23 all traffic improvements were made.

24 Q. Do you know what businesses you were talking
25 about? Can you say now?

1 A. Yes. Now they are Circuit City and Petsmart.
2 At that time they were just retail A and retail B, and this
3 all came from when they opened up Home Depot.

4 Q. You mean the additional traffic?

5 A. No, the agreements. They were to make -- they
6 did a traffic study. First I should back up. In 1996 they
7 did a traffic study and their traffic study outlined
8 improvements they needed to make to Peach Street to handle
9 the traffic counts that they generated out the ITE, the
10 engineering standards for the retail space of Home -- which
11 is now Home Depot, Circuit City and Petsmart, and their
12 traffic plan they agreed to do. So we signed an agreement
13 with them that they could occupy Home Depot but they would
14 have to make those improvements that their traffic study
15 come up with and approved by PennDOT.

16 Q. Okay.

17 A. And, well, then after that happened they wanted
18 to get building permits to start the other two stores.

19 Q. Can you name those other two stores?

20 A. That was Circuit City and Petsmart.

21 Q. Okay.

22 A. So we gave them occupancy for Home Depot and
23 then we entered into an agreement what improvements they
24 would make and they could then get their building permits
25 for the other two stores which was at that time retail A and

1 retail B, and that was the agreement that we approved in
2 1998.

3 Q. Now, did that agreement include --

4 A. It might have even been 1997. I'm not really
5 sure, because there was quite a bit of time that passed. It
6 started in '96, went into '97, but 1998 is when we
7 discussed, we started the discussions of Downs Drive.

8 Q. That was going to be my next question. Did that
9 agreement then include improvements to Downs Drive, the
10 earlier agreement?

11 A. Yeah, the earlier agreement gave them an option
12 that if they could enter into an agreement with the
13 neighboring property which was Zemenco, Inc., then they
14 could either build Fern Court or they could build Downs
15 Drive, whichever one. But the original agreement totally
16 dealt with Fern Court. They were going to put a new
17 intersection with a right-in, right-out only.

18 Q. Was Fern Court ever built?

19 A. No. Currently it's a temporary driveway that's
20 been blacktopped and they have a temporary permit from
21 PennDOT.

22 Q. Okay, now, if we come into 1999 then, I'm now
23 looking at Exhibits 3 and 4. Can you just give us the oral
24 history of those agreements, how did they come about?

25 A. They came up with the alternative traffic plan

1 that was scaled down from the one that their traffic
2 engineer submitted, and this agreement pretty much spelled
3 out what improvements they would make, and of course item
4 number 7 is probably the most important.

5 Q. You're looking at Exhibit 3 now?

6 A. Exhibit 3, item number 7 or paragraph 7.

7 Developer agrees to construct East Downs Drive to the
8 intersection point with Mandy Lane marginal access road
9 including the extension of Mandy Lane to East Downs Drive
10 pursuant to plans and specifications approved by Summit.

11 Q. Okay.

12 A. And so that was a change to their -- to the
13 original transportation plan that they come up. That's when
14 they shifted from Fern Court to Downs Drive.

15 Q. The change being the extension of Mandy to Downs
16 and then the use of Downs as an entrance and exit to Peach
17 Street?

18 A. Right, and most of this was discussed in '98 and
19 it basically went back and forth on fine tuning it till
20 February.

21 Q. Okay. Now, then, can you bring us current with
22 the last agreement, the one in September of '99, Exhibit 4?
23 What brought that about?

24 A. Well, when we signed the agreement dated
25 February 17th we were told that they have entered into an

1 agreement with Zemenco, Inc. to put the roads in. Otherwise
2 we would have never agreed to this.

3 Q. You never would have agreed to Exhibit 3?

4 A. Exhibit 3. We would have never agreed to that
5 unless, you know, we were under the understanding that they
6 had an agreement between Zemenco, Inc. and DDRC through a
7 second party which would be Nick Scott of Scott Enterprises.

8 Q. They told you that they had an agreement to get
9 the land or to build the roads or both?

10 A. Both.

11 Q. Okay, and it was with Zemenco?

12 A. They were going to purchase the land and build
13 the roads and improve the intersection.

14 Q. And you say based on that the township executed
15 the Exhibit 3?

16 A. Right. So then we came to Exhibit 4, and this
17 agreement we entered into was when they came in and said
18 that the -- they developed problems in fulfilling the
19 agreement with Zemenco, Inc. and they said that they would
20 not be able to comply with Exhibit 3 because they were not
21 successful in purchasing the property.

22 Q. And they would not then be able to complete the
23 Downs Drive intersection as they had agreed?

24 A. Right.

25 Q. So then you enter into the new agreement in

1 September, the Exhibit 4?

2 A. Right.

3 Q. In that agreement does Summit get some extra or
4 additional consideration from Developers?

5 A. Yes.

6 Q. Can you explain what that is and what that was?

7 A. First it references what paragraphs that they
8 would comply with on the Exhibit 3.

9 Q. Right.

10 A. Then also we reduced the financial security for
11 the Peach Street improvements because they were not building
12 Fern Court. They agreed to install a traffic signal at
13 Downs Drive even though they wouldn't at this point in time
14 have access to the intersection, and they would escrow
15 eighty thousand dollars toward that. Item paragraph 5, they
16 would have all the work done within six months of the items
17 they could do, and then 7, they would make improvements to
18 Commons Drive north of Keystone Drive and they would make
19 improvements to Douglas Parkway, and they would signalize
20 the intersection of Douglas Parkway and Commons Drive, and
21 this was to help with the traffic that has to use Douglas
22 Parkway, Commons Drive because they don't have the new
23 entrance done.

24 Q. So there are other streets and entrances other
25 than Downs in this agreement?

1 A. Right. Then they also agreed to pay the
2 township seven thousand dollars a month for every month they
3 do not complete the road work for Downs Drive and Mandy
4 Lane.

5 Q. Okay. What was the purpose of that?

6 A. Well, the agreement says for maintenance.

7 Q. Okay, I mean I can make that question clearer.
8 I guess I don't see where the township's going to be
9 spending seven thousand a month. It's not a reimbursement,
10 is it, for an expenditure or a projected expenditure?

11 A. Yes, it would be -- according to the agreement
12 it would be an expenditure for future expense that you would
13 have on maintenance of these roadways. I would say the
14 biggest reason for this is because they wanted occupancy
15 permits for retail A and retail B which became Circuit City
16 and Petsmart, so they come back with an offer that they
17 would put money into a maintenance fund, because that's
18 legally the only way that they could advance the township
19 money, that they would be willing to advance the township
20 money for maintenance in return for occupancy permits.

21 Q. Now, I see that's the agreement, that's
22 paragraph 8, right?

23 A. Right. And then paragraph 9, in consideration
24 of receiving this money we would issue the occupancy permits
25 for Petsmart and Circuit City.

1 Q. If you look at paragraph 7, is that related to
2 Downs Drive, the hundred and twenty-five thousand dollar
3 escrow fund?

4 A. No, that was in -- that was for improvements to
5 the traffic signals on Douglas Parkway.

6 Q. Okay.

7 A. Paragraph 4 was the one that dealt with the
8 improvements to Downs Drive and Peach Street.

9 Q. Okay. In your tenure as township supervisor
10 have you been familiar with the township's transportation
11 plan?

12 A. Very much involved.

13 Q. Has the township had a transportation plan for
14 several years?

15 A. Yeah, the township worked on the transportation
16 plan in 1989 in cooperation with the Erie County Planning
17 Department. They assisted us in trying to develop a future
18 traffic plan as the township grew.

19 Q. Can you tell us on the current township
20 transportation plan how does it show or describe Downs
21 Drive?

22 A. Downs Drive would go from Peach Street, follow
23 the property line between Zemenco, Inc. and the property now
24 owned by Scott Enterprises and follow that property line.
25 It would first go east to a point where the property changes

1 to a south direction, it would go to 90 and then from there
2 it would continue over the culvert by 90 and then follow the
3 power lines.

4 Q. The right-of-way?

5 A. The power line right-of-way down through
6 Zemenco, Inc.'s property, and the long-range plan is for
7 that road to connect up with Douglas Parkway coming from the
8 other direction and it coming back and meeting to a point
9 and then continuing to Cherry Street Extension.

10 Q. Now, does the transportation plan, the current
11 one, show Mandy Lane?

12 A. The map does not show Mandy Lane. When this
13 development occurred for Home Depot, the township amended
14 the transportation plan at the request of Developers
15 Diversified. The road that was there on the existing plan
16 followed the property lines of the existing properties, and
17 I can't remember the names of all the property owners, but
18 the biggest one was Hallman Pontiac, and it followed the
19 back property line of Hallman Pontiac, and when they bought
20 the property for the plaza they bought all the parcels and
21 so they asked to redefine the roadways.

22 Q. Developers did?

23 A. Developers did, simply for the reason to -- if
24 the township looked at a roadway through a property that
25 they want to build a building, then nobody can do anything

1 for a year, and it was thought better to change the plan.

2 Q. Okay.

3 A. So the township moved the road to the west to
4 line up with what we now call Mandy Lane.

5 Q. There was a question raised this morning, maybe
6 you can help us. Is Mandy Lane a street, a road, a private
7 way? How would you describe Mandy Lane as it exists today?

8 A. Marginal access street with the original portion
9 of the road by the properties bordering Eat'N Park and
10 National City Bank, which is no longer, it's now Northwest
11 Bank, that right-of-way is thirty-three feet and that was to
12 be a marginal access street and that was to continue up to
13 Downs Drive.

14 When they looked at it, the other street,
15 Commons Drive, it was supposed to be a fifty-foot right-of-
16 way street and continue all the way up and that was supposed
17 to intersect Downs Drive at the east end where it made the
18 property line change to the south. And so there was two
19 roads. One was a marginal access street and the other road
20 was to be a local street or a commercial street, and when
21 they combined them Developers Diversified said, well, they
22 would dedicate fifty feet and that way the road could be
23 utilized either way. It could be a commercial street or it
24 could be a marginal access street.

25 Q. And is Mandy Lane dedicated fifty feet?

1 A. Yes, on the property that the plaza is on. It's
2 still thirty-three feet by Eat'N Park, so it necks down
3 there.

4 Q. Okay. Did there come a time in 1999 when you
5 learned that this proposed purchase by Developers of
6 Zemenco's land was not going to go through?

7 A. Yes.

8 Q. Sometime in 1999?

9 A. Yes.

10 Q. Was that -- okay. Was there then any
11 discussions that you know of between Developers and Summit
12 with regard to the condemnation of part of Zemenco's land?

13 MR. SENNETT: At this point I'm going to
14 object to this line of questioning in regard to
15 the condemnation as to -- I guess number one
16 I'd ask as to the relevance concerning your
17 contract claim with DDRC, and second, in order
18 so that everyone understands and is protected,
19 if we get into any discussions between
20 attorney-client privilege between Summit
21 Township that Summit Township has not voted to
22 waive any discussions concerning attorney-
23 client privilege, and Mr. Hessinger, based on
24 any information he would have received during
25 that process, obviously can't disclose that,

1 and just so -- I don't know where we're
2 heading, but before we get there I wanted to
3 put that on the record.

4 MR. BREW: Well, can we have some ground
5 rules? I mean if you're going to instruct him
6 not to answer, can you just do so? If you just
7 want to object to get it on the record to
8 protect it from ever coming in later, can you
9 handle it that way?

10 MR. SENNETT: We can go question by
11 question. I just wanted to make sure --

12 MR. BETZA: Yeah, there may be some
13 questions that he's not going to be able to
14 answer.

15 MR. BREW: Okay, but I mean so you're not
16 leaving us all in the dark can you when you
17 object just instruct the witness not to answer?

18 MR. SENNETT: Certainly.

19 Q. At this point I was just trying to get the
20 general situation at the time, and I think my question was
21 did there come a time in 1999 when discussions about
22 condemning part of Zemenco's land came up?

23 A. Yes, I can even go back further. Andy
24 Zafiroopoulos come into the office and asked if he could see
25 the roadway plans, and I went back to the planning office

1 and laid out the plans and showed him what we were doing,
2 because I was quite surprised that he didn't know more than
3 I knew because it was his property, and he seemed very
4 surprised when I showed him Mandy Lane. And so I kind of
5 figured right then that there was a problem.

6 Q. You mean the location of Mandy Lane to the north
7 of his property?

8 A. Well, he said he wasn't aware of Mandy Lane at
9 all was the statement he made to me.

10 Q. But I mean the plot if you recall that you were
11 showing him, was the Mandy Lane north of his property?

12 A. Right, it was extending Mandy Lane from where it
13 exists currently to Downs Drive which would be on his south
14 property line.

15 Q. Okay.

16 A. So then we had a meeting in June with Gary
17 Hough, I think his attorney, Vanwinkle, and Greg Rubino and
18 myself and Marlin Coon, and we sat down and discussed the
19 problem, basically discussed Exhibit 3, what to do about
20 Exhibit 3, because they signed an agreement with us that
21 they would build it and they said they were not successful
22 in entering into a sale for the property of Mandy Lane.

23 Q. Okay, and you had confirmed that with Andy then?

24 A. Yes.

25 Q. That there was going to be no sale. Okay. Was

1 it then at that point that discussion came up about
2 condemning or the possibility of condemning land?

3 A. Yeah, I think when we had that discussion in
4 June basically they had three alternatives. They had to
5 figure out how to buy the property, the township could
6 condemn the property, or third, they just could not open
7 their stores. And, of course, they felt the third option
8 was -- they would have to say the third option wasn't
9 possible.

10 Q. The third option was what?

11 A. Not to open the stores.

12 Q. Okay. Okay.

13 A. So at that particular time I think we
14 instructed -- I believe they asked Vanwinkle to talk with
15 Tim Sennett, the township solicitor, to come to some
16 conclusion to determine if the township had the right to
17 condemn the property for the roadway.

18 Q. Was this in the summer of '99?

19 A. Yes.

20 Q. Okay, and then Mr. Sennett came back and said
21 you have the right to do this eventually?

22 MR. SENNETT: Well, I'm --

23 Q. Well, this is just history.

24 A. I think that was discussed at a public meeting.

25 MR. GEARY: I'm going to object to the

1 question just because the question was asking
2 Mr. Hessinger what Mr. Sennett told them which
3 I think is asking for a confidential attorney-
4 client communication.

5 Q. Let me ask another question. If you can, Mr.
6 Hessinger, can you pick it up here and tell me about the
7 discussions with Developers, if any, with regard to how the
8 Zemenco property was going to be paid for if it were
9 condemned? Who was going to pay for it?

10 A. We told them that if we did do a condemnation
11 they'd have to pay all costs.

12 Q. Developers?

13 A. The developer would have to pay all costs.

14 Q. So we're proceeding along then, is that it,
15 without pinning down dates and months and everything?

16 A. Right. Basically the township was asking for
17 certain improvements to handle the traffic flow coming out
18 of the plaza. They came back with the plan. We agreed to
19 it. So we told them it was their financial responsibility.

20 Q. Now, who hired Mr. Sammartino? The township or
21 Developers?

22 A. The township.

23 Q. And then did the township meet with Mr.
24 Sammartino in 1999?

25 A. I've never -- I don't even know him if he walked

1 in the door. I don't know who he is.

2 Q. Do you know whether or not Mr. Coon met with Mr.
3 Sammartino?

4 A. I don't know that either.

5 Q. But you never met with him?

6 A. I have never met with him. But I would get back
7 to your previous question --

8 Q. Which was?

9 A. That we came to a township meeting in June. We
10 were given a -- and I don't think that's client privilege
11 because at a township meeting we were told we had a right to
12 condemn, and a motion was made to condemn the property.

13 Q. Right. Okay, we have a copy of that.

14 A. And that's all I was trying to say. I wasn't
15 trying to divulge anything beyond that.

16 Q. Okay. Was there a motion passed to hire Mr.
17 Sammartino when you were present?

18 A. We took some action to have the property
19 appraised, and I'm not -- I would have to look at the
20 minutes to see exactly how we did it, if we instructed our
21 solicitor to hire an appraiser. I think we left it up to
22 our solicitor.

23 Q. Okay, so there may not have been a formal
24 motion?

25 A. I think we made a formal motion to go ahead and

1 do the appraisal. I don't just remember if we specifically
2 stated a name, because we had to see who was available.

3 Q. In 1999 did supervisor Coon have meetings with
4 Developers Diversified people, if you know?

5 A. Yes.

6 Q. Were they public meetings or private meetings?

7 A. Private.

8 Q. Were you invited to them?

9 A. No.

10 Q. Do you know whether or not Sammartino ever
11 completed an appraisal?

12 MR. SENNETT: I object to the question.

13 What's the relevance of this line of
14 questioning in regard to any of the --

15 MR. BREW: Well, again, I don't want to
16 get into any arguments. I mean, as you know,
17 this is discovery and it's just whether or not
18 it could lead to, but if you're going to tell
19 him not to answer, then --

20 MR. SENNETT: I think it's divulging
21 attorney-client privilege of Summit Township
22 which hasn't been waived.

23 MR. BREW: Only whether or not there was
24 one completed? That's all I'm asking him.

25 MR. SENNETT: That's divulging

1 attorney-client information that --

2 DEPONENT: I could say for the record,

3 though, I have never seen and I'm not aware of
4 seeing an appraisal report.

5 Q. Okay. Are the escrow accounts that we discussed
6 and they're in Exhibits I think 3 and 4, were they still
7 being maintained when you left office, to your knowledge?

8 A. Yes. Yes, because all of them were given, you
9 know, the escrows were all put into escrow at the time of
10 the agreement, and item number 8 was a payment per month,
11 they escrowed a year's payment up front, and that was in
12 existence when I left office.

13 Q. Okay. Were there meetings that you attended
14 with the supervisors where it was discussed putting the
15 appraised value of Andy's property in escrow?

16 MR. SENNETT: I guess I've got to
17 understand the question. Are you talking was
18 there a discussion in a public meeting?

19 MR. BREW: Well, that's what I'm asking.
20 That's going to be the next. I don't know.
21 He's going to have to tell me.

22 MR. SENNETT: Well, any meetings between
23 the supervisors and myself in regard to the
24 condemnation case is attorney-client privilege.

25 Q. Well, you just, Rich, you have to tell me yes,

1 there was but it was private with the solicitor --

2 MR. SENNETT: No, he can't even tell

3 you -- there is no right for him to say whether
4 there was a meeting or not.

5 Q. Well, sure there is. I mean you can answer the
6 question.

7 A. What was the question again?

8 Q. Were there any meetings wherein it was discussed
9 that monies would be put in escrow to match the appraised
10 value of any property of Zemenco's that was going to be
11 condemned? Just were there any meetings, first of all.

12 A. No.

13 Q. Okay, that's easy.

14 A. There weren't any meetings. You're talking
15 about public meetings?

16 Q. No, I was saying any meetings. If they were
17 private with the solicitor, then I was going to stop.

18 A. Yes, we had some meetings with the solicitor.

19 Q. But no public meetings.

20 A. But we didn't have any private meetings with the
21 Developers or anything like that. Basically I asked the
22 question early on is what's the procedure for a taking and
23 they said that there would have to be a bond placed with the
24 courts.

25 Q. The solicitor explained the procedure then

1 basically?

2 A. Right. And again the agreement with the
3 Developers, they were responsible for any costs including
4 any bonds.

5 Q. Has the location of the traffic signals at Peach
6 and Downs changed in the last several years on the plans?

7 A. No.

8 Q. They've always been --

9 A. The only one that changed, which doesn't affect
10 this property, the only one that was moved was Rotunda
11 Drive. The original transportation plan that we did in 1989
12 had the location of Downs Drive and Douglas Parkway on the
13 original plan.

14 MR. BREW: Okay, let me just talk to Andy
15 for a minute.

16 (Brief recess.)

17 Q. Just one more area here. Rich, were there any
18 discussions in '99 among the supervisors without the
19 solicitor being present with regard to the purchase by
20 condemnation or direct purchase, whatever, of Andy's land
21 and the price therefor?

22 A. I'd say it was probably the topic of
23 conversation the whole year.

24 Q. Well, supervisor Coon, did he have a position or
25 an attitude on that, on the purchase of Andy's land or the

1 condemnation of it?

2 A. Yes.

3 Q. What was that?

4 A. He felt that -- I guess I don't know how to
5 phrase it -- Andy was less than cooperative and that Andy
6 was not following the contract on the property.

7 Q. With Developers?

8 A. With Developers. So therefore, well, I would
9 say that in July we had a special meeting, that was in July
10 or last week in June, I don't remember which. We had the
11 public hearing to take input. I always took the attitude
12 that we should try to work to resolve this issue
13 cooperatively and voluntarily rather than having to utilize
14 the court system, and every time I brought this up Marlin's
15 attitude -- Marlin Coon's attitude was that, no, he wasn't
16 going to do anything to help Andy.

17 Q. Andy Zafiroopoulos?

18 A. Right. So therefore I got shot down every time
19 I tried to bring it up.

20 Q. Okay, this was pretty much his attitude
21 throughout 1999?

22 A. Yes.

23 MR. GEARY: Object to the leading
24 question.

25 MR. BREW: That's all I have. Thanks.

1 MR. GEARY: I don't have any questions.

2 (Deposition concluded at 3:50 p.m.)

FEB 17

DEVELOPMENT AGREEMENT

00 15
THIS DEVELOPMENT AGREEMENT is made this 11th day of January 1999 at Erie, Pennsylvania; by and between:

DEVELOPERS DIVERSIFIED OF PENNSYLVANIA, INC.

34555 Chagrin Boulevard

Moreland Hills, Ohio 44022

(hereinafter "Developer")

AND

TOWNSHIP OF SUMMIT

8920 Old French Road

Erie, Pennsylvania 16509

(hereinafter "Summit")

WHEREAS, Developer desires to modify the public road improvements and other public improvements previously proposed in Developer's agreements and traffic plans submitted to Summit for Developer's Peach Street Square, Phase II Project; and

WHEREAS, Summit desires to have these public road improvements and other public improvements completed in a timely fashion; and

WHEREAS, Developer and Summit desire to set forth the terms and conditions concerning the completion of the public road improvements and other improvements;

NOW, THEREFORE, intending to be legally bound hereby, the parties hereto covenant and agree as follows:

DEPOSITION
EXHIBIT

BK 0614 PG 0688

1. The above-referenced recitals are incorporated by reference.
2. In consideration of the Developer agreeing to the following improvements and payments, Developer and Summit agree Developer will not be obligated to construct Fern Court Drive and its related Peach Street road improvements.
3. Developer will construct a new eleven-foot-wide right turn lane in accordance with Summit's specifications from Damon's driveway west on Douglas Parkway and merging with the existing sweep lane.
4. Developer will construct Downs Drive intersection at Peach Street including a four-way traffic signal, and all Peach Street Improvements, to the approval of Summit. All construction will be subject to the issuance of both a Highway Occupancy Permit and Signal Permit by Pennsylvania Department of Transportation.
5. Developer will contribute an amount not to exceed \$125,000.00 for the design and installation of a new four-way, two phase traffic signal at the intersection of Commons Boulevard and Douglas Parkway. This amount will also reimburse Summit for labor and material costs incurred to re-program, revise, construct or alter the traffic signal and pavement markings at Douglas Parkway and Peach Street intersection. Summit will provide the necessary invoices and documentation for coordination, design, construction or alteration of the signal and intersection.
6. Developer will construct at the southeast corner of Douglas Parkway and Commons Boulevard an acceleration lane eastward to blend traffic into the next intersection pursuant to plans and specifications approved by Summit.
7. Developer agrees to construct (East) Downs Drive to the intersection point with

BK0614PG0689

Mandy Lane marginal access road including the extension of Mandy Lane to (East) Downs Drive pursuant to plans and specifications approved by Summit.

8. Developer and Summit agree that Summit will not issue any further occupancy permits for any structure in Peach Street Square, Phase II Project until the above-referenced public road improvements and other public improvements and all other requirements of the paragraph of this Agreement have been met by Developer to the satisfaction of Summit.

9. Developer will provide a new performance bond or other acceptable financial security for the above road improvements or other improvements and commitments in this Agreement in an amount acceptable to Summit.

10. Developer will have all proposed tenants of retail stores and other establishments in Peach Street Square, Phase II Project, including Major Retail B and Major Retail D, execute this Agreement or provide separate acknowledgment of their knowledge and understanding of this Agreement. Summit will only provide building permits to those tenants who have provided such acknowledgment.

11. Developer shall not assign this Agreement or its rights or obligations under this Agreement without prior consent of Summit.

12. Developer will comply with all requirements of all applicable Ordinances of Summit.

13. This Agreement shall terminate when all public improvements referenced herein have been completed.

BK 0614 PG 0690

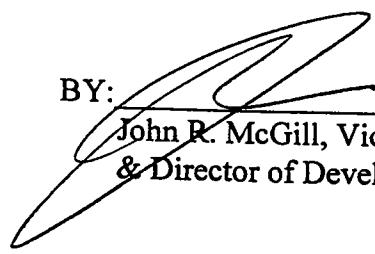

IN WITNESS WHEREOF, the parties hereto have set their hands and seals and caused this agreement to be executed by their authorized officers on the day and year first written above.

MY COMMISSION EXPIRES:

PEGGY L. JENKINS, Notary Public
State of Ohio
My Commission Expires Nov. 9, 1999

AMENDED DEVELOPMENT AGREEMENT

030671
THIS AGREEMENT is made and entered into this 14th day of September, 1999, by and between:

DEVELOPERS DIVERSIFIED OF PENNSYLVANIA, INC.
3300 Enterprise Parkway
Beachwood, Ohio 44122
(hereinafter "Developer")

AND

TOWNSHIP OF SUMMIT
8920 Old French Road
Erie, Pennsylvania 16509
(hereinafter "Summit")

WHEREAS, Developer and Summit have entered into a Development Agreement dated January 11, 1999 concerning Peach Street Square Phase II Project; and

WHEREAS, Summit and Developer wish to amend certain terms of that Agreement; and

NOW, THEREFORE, intending to be legally bound hereby, the parties hereto covenant and agree as follows:

1. Developer has and will comply with paragraphs 2, 3, 6, 9, 10 of the January 11, 1999 Agreement. Developer will complete the requirements of these paragraphs to the satisfaction of Summit by October 1, 1999.

2. Developer will provide financial security of \$700,000 to the Township for future Peach Street improvements and other road improvements as required under paragraphs 5 and 6 of this Agreement.

4
**DEPOSITION
EXHIBIT**

1750
smw

3. Developer will install and have a traffic signal operational on a temporary permit at Downs Drive and Peach Street by November 10, 1999 contingent upon receipt of the temporary permit from the Pennsylvania Department of Transportation by September 20, 1999. If the temporary permit is not received by September 20, 1999, for each day the permit is not received, the deadline of November 10, 1999 will be extended one day. Developer agrees to begin construction of said traffic signal within ten days of receipt of said temporary permit.

4. Developer will establish an escrow fund in the amount of \$80,000.00 upon execution of the Agreement with Summit, which permits Summit Township's withdrawal of funds without permission of Developer upon Developer's failure to complete the improvements required in paragraph 3 by the established deadline. This escrow fund is an additional amount not included in the \$700,000 financial security referenced in paragraph 2.

5. Developer will construct the improvements of paragraph 7 of the January 11, 1999 Agreement within six (6) months, unless amended by Summit due to seasonal or adverse weather conditions, of the acquisition of the rights-of-way acquired through an eminent domain proceeding initiated by Summit or through negotiation or lawsuit by Developer.

6. Developer will construct the following additional improvements:

(a) Commons Drive – North of Keystone Drive

(i) Remove grass boulevards, install gravel base and full-depth asphalt.

(ii) Construct additional northbound lane in present shoulder area from Lowe's entrance north to Tinseltown. Extend catch basin easterly

to re-establish in wing section. Mill the slot, tack coat, and overlay entire road surface from Tinseltown south to Keystone Drive and apply striping, pavement markings and directional signage as required by Township.

(b) Douglas Parkway

- (i) Excavate and replace gravel berm, install a curb and gutter, moving existing basin and reinstall with a type C lid.
- (ii) Install full-depth asphalt from north/south drive in Phase I, westerly to Commons Drive to create two eleven foot drive lanes.
- (iii) Install street signs on all internal streets, east of Peach Street.

7. Developer will establish an escrow fund in the amount of \$125,000.00 with Summit Township, which permits Summit Township's withdrawal of funds without permission of Developer, to be used by Summit Township for the construction of the improvements referenced in paragraph 5 of the January 11, 1999 Agreement.

8. Developer will provide an additional escrow amount of \$84,000.00 for the continued maintenance of said Township road systems, including signals and signs within Developer's Peach Street Square Project to be drawn upon by Summit Township in the amount of \$7,000 per month for maintenance. If the portion of the escrow fund dedicated to maintenance is withdrawn to an amount of \$21,000.00, Developer will deposit an additional \$84,000.00. This maintenance fund shall continue to be funded from the time of execution of this agreement until the date of completion of all improvements referenced in this Agreement and the January 11, 1999 Agreement.

9. In consideration of the above, Summit Township hereby agrees to modify paragraph 8 of the January 11, 1999 Agreement and will issue occupancy permits for structures to be occupied by Petsmart and Circuit City, only, in Peach Street Square Phase II Project upon completion of the improvements set forth in paragraph 6.

10. All other terms not specifically modified in the January 11, 1999 Agreement are affirmed by the parties hereto.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals on the day and year first above written.
